

2017 MEMBERSHIP FORM

IFBOA members are for-profit aviation businesses engaged in pilot training, charter services, fuel and ground services, aircraft maintenance services and other related services. IFBOA+ member dues are calculated based upon the number of full-time equivalents (FTEs) working for a company. For the purposes of calculating dues, FTEs include employees, pilots, mechanics or others subject to an aircraft management agreement. See dues chart in payment area of this form.

Primary Line of Business: _____ Total Number of FTEs: _____

- IFBOA Regular Membership:** \$400 Annual Dues
This class of membership applies to IFBOA members who desire to participate in IFBOA's General Aviation Workers' Compensation Insurance Program and other discounted purchasing programs. If already a member of the National Air Transportation Association (NATA), this membership is reduced to \$150 per year.
- IFBOA+ Membership:** Dues Determined by Number of FTEs – See Chart
These members receive greatly expanded benefit programs offered by both IFBOA and NATA, including industry-leading Safety 1st training programs, advocacy for aviation businesses, networking events, and more. For corporate flight departments, the applicable FTEs are only those employees in the flight department. If electing this expanded category of membership, companies or departments may join NATA for an additional \$150 annual fee.
